

src/lvl0/inc/array
_print.h

```
graph TD; A[src/lvl0/inc/array_print.h] --> B[stdio.h]; A --> C[esp_attr.h];
```

The diagram illustrates a header file dependency. At the top, a gray box contains the text 'src/lvl0/inc/array_print.h'. Two blue arrows point downwards from the bottom edge of this box to two separate white boxes below. The left white box contains 'stdio.h' and the right white box contains 'esp_attr.h'. This indicates that the 'array_print.h' header file includes both 'stdio.h' and 'esp_attr.h'.

stdio.h

esp_attr.h
